Drop in roadway height, Laval-sur-le-Lac

Drop in roadway height, two upcoming work phases

Elevated railway tracks

Lowering by 2.4 m at the lowest point

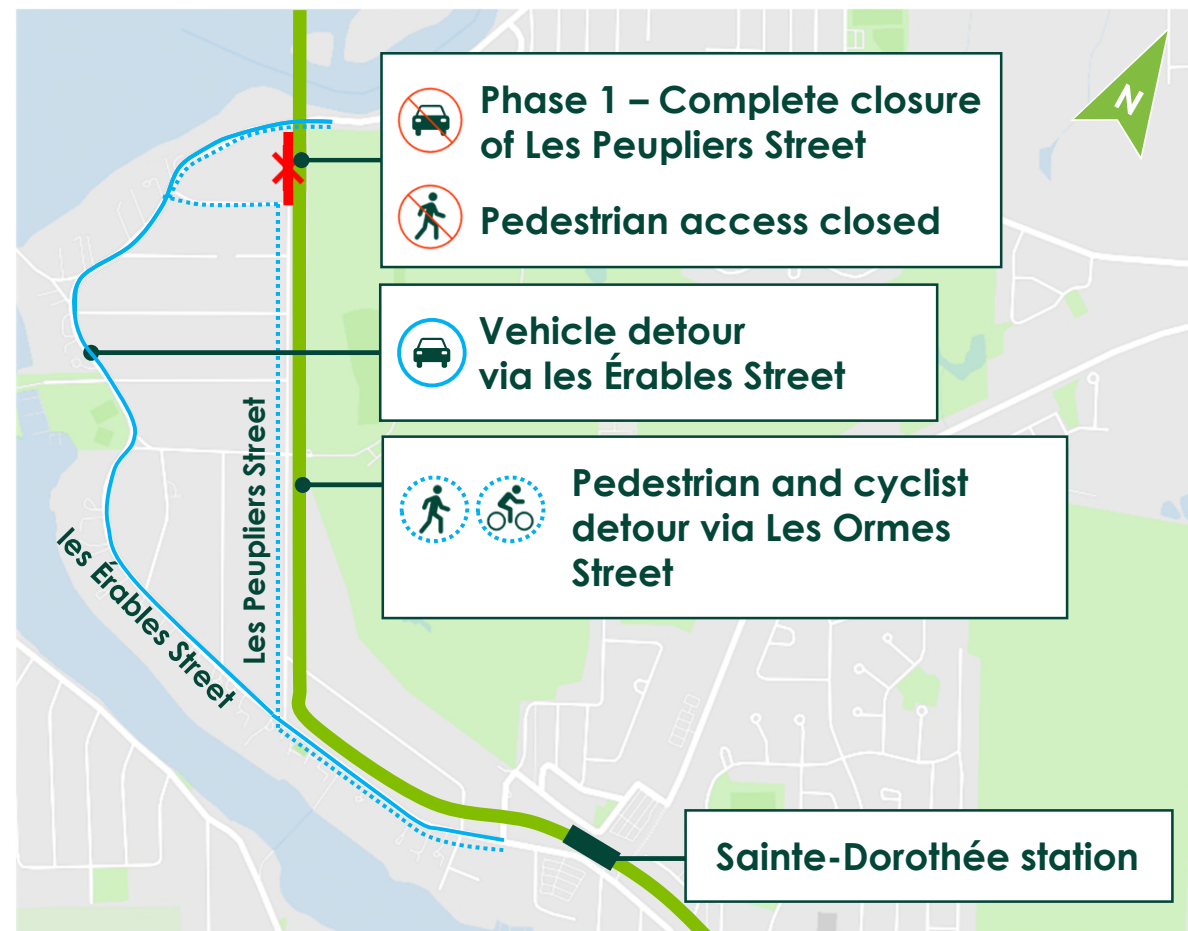

Phase 1
Lowering of Les Peupliers Street to connect it with Les Érables Street

Phase 2
Lowering of Les Érables Street

Lowering of the roadway

Phase 1

- Demolition, excavation, public utility relocation, roadway structure, curb installation and paving
- **Complete closure to traffic on Les Peupliers Street** (between Les Ormes and Les Érables)
- Truck routes planned via Les Peupliers Street
- Access to residences will be maintained

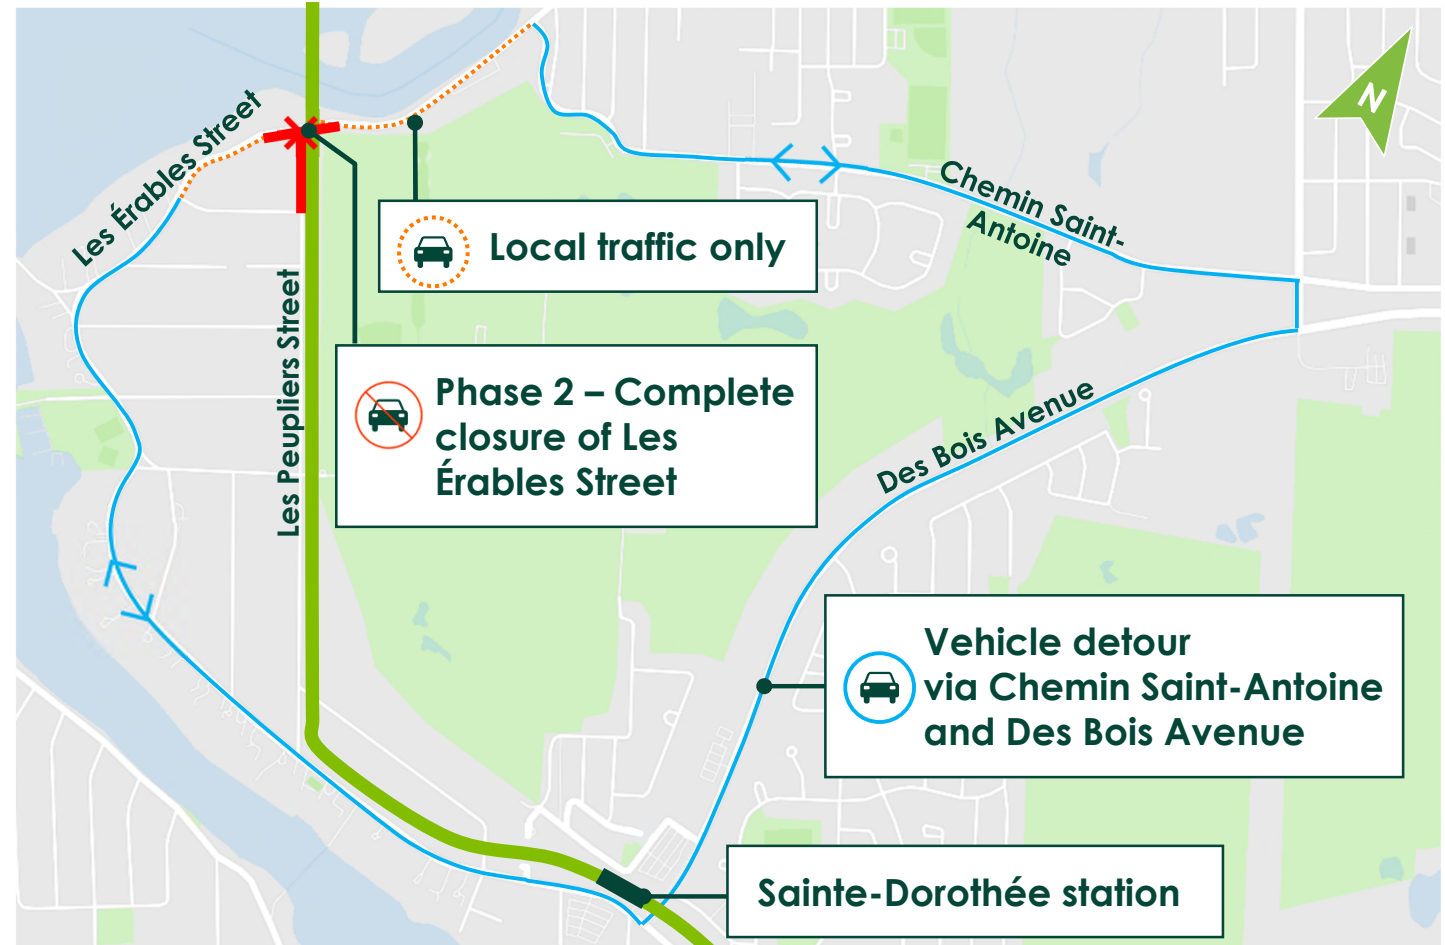

Projected start date: late March to fall 2022

Lowering of the roadway

Phase 2

- Demolition, excavation, public utility relocation, roadway structure, curb installation and paving
- **Complete closure to traffic on Les Érables Street** (at the intersection with the old level crossing)

Installation of the obstruction at the Des Bois Avenue opening

Projected start date: May to fall 2022

Laval-sur-le-Lac – Les Érables Street

Work zone – Construction site limits

- Trailer parking within the construction site limits
- Employee parking where regulations permit
- No public access

Rivière-des-Mille-Îles railway bridge

Completed work:

- Demolition of the old structure
- Pillar work

Upcoming work:

- Mobilization of the launcher by Deux-Montagnes (mobile bridge crane to slide the beams onto the structure)
- Installation of the beams

**Finalization of the bridge
projected for spring 2023**
