

*Canadian Navigable Waters Act*

Projet REM s.e.c hereby gives notice that an application has been made to the Minister of Transport, pursuant to the *Canadian Navigable Waters Act* for approval of the work described herein and its site and plans.

Pursuant to paragraph 7(2) of the said Act, Projet REM s.e.c. has deposited with the Minister of Transport, on the on-line Navigable Waters Registry (<http://cps.canada.ca/>) and

under registry number 2587, or, under the NPP File Number 2020-303405 a description of the following work, its site and plans:

Reconstruction of the existing railway bridge for the Thousand Islands River crossing between the cities of Laval and Deux-Montagnes.

The project encompasses the construction of permanent structures (railway bridge, box caissons, piles, abutments) and temporary works such as the installation of access ramps, the excavation for the demolition of existing abutments and the lowering of the current bridge). To comply with safety measures while carrying out the works, navigation activity could be suspended in the work area under the bridge.

Comments regarding the effect of this work on marine navigation can be sent through the Common Project Search site mentioned above under the Comment section (search by the above referenced number) or, by sending your comments directly to your regional office (877-646-6420) if you do not have access to the internet

However, comments will be considered only if they are in writing (electronic means preferable) and are received not later than 30 days after the publication of the last notice. Although all comments conforming to the above will be considered, no individual response will be sent.
